

# Packing & Submission

## Sample Preparation

Visit our Sample Prep & Shipping SOP library for guidelines for your sample type. Package according to sample type in sealable plastic bags—one bag for each sample type.

Sample Prep & Shipping SOP library 

Label bag with sample type and submitter name.

## Online Submission

Enter your sample submission data through our secure, online portal, accessible via our website.

## Ship

Include a copy of your online or paper submission form in the envelope or box with your samples.

Place all plastic bags in an appropriate shipping container and ship to our laboratory by overnight courier (address below).
